10,000 COPIES OF

BAYARD TAYLOR'S NOVEL,
HANNAH THURSTON,
has been sold. The first EDITION is now ready. The
whole of this book and original
STORY OF AMERICAN LIFE
is especially good in English.
The M. D. Bayard is the London correspondent of the
Reviewers Committee, written:
" Bayard Taylor's 'Hannah Thurston' has made a hit here,
and it is every house talk here."
" The London Review says,
" The author of 'Hannah Thurston' pursues the traces of
manners and motives with a distinctness that is never at fault."
The London Review says:
" We have now to welcome 'Hannah Thurston' as an excellent addition to the list of such American tales as 'Howell's' and 'Mrs. Stowe's'."
The London Spectator says:
" If Bayard Taylor has not placed himself as we are half
inclined to suspect, in the front rank, he will do so before
the year is out. His 'Hannah Thurston' is a real original work, admirably
written with life-like character, full of defects and
sympathies with the most opposite to his own, and tinged throughout with that playful humor which sug-
gests always wisdom rather than mere folly."
One hundred copies sent to Mrs. Stowe.
